

Tenney Handbook

Monthly Parking

Monthly parking is available on a first come, first served basis in all areas except for stalls clearly marked for visitor or reserved parking.

CLEARANCE

The parking ramp is designed for a maximum clearance of 7'0". Please make sure your vehicle has a clearance of 7'0" or less to avoid damage.

APPLICATIONS

Applications for monthly parking spaces are available by contacting parking@uli.com. Parking stalls that are on a month-to-month basis may be canceled by the user only by providing 30 days prior written notice to ULI. The terms are detailed on the monthly parking application/contract. Please make sure your parking fees are paid on time.

TENANTS

Tenants and their employees will always be given priority for available parking. However, if spaces are available, monthly parking will be made available to non-tenants as well.

ACCESS

Each monthly parker is provided a parking access card, which allows the parker to enter and exit the ramp 24 hours a day, 7 days a week. There is a replacement fee for lost or stolen parking cards.

ACCESS PROBLEMS

If you are an authorized monthly parker and the gate does not automatically rise as you slowly approach, simply take a ticket from the ticket-dispensing machine, proceed to a parking space, and call the ULI office to report the incident.
